Important Letter: "So you are at issue #78 of Big Brother? Do you realize that at the rate, you publish you will have reached your goal of 100 issues before the end of next October? If you do decide to stop publishing then I could run the games that Koning is in and he could run the rest. By that time your new game, Dirty Dozen, should be at 1907, perhaps getting pretty close to completion."-John A. McCallum.
